College of Fine Arts and Communication
2018-2019 Research and Creative Activity Awards

The College of Fine Arts and Communication is committed to providing support for a number of competitive awards designed to encourage and enhance research, creative and scholarly activities for tenure track and tenured members of the College faculty. Research and Creative Activity Awards (RCAA) will support innovative research and creative projects.

SELECTION PROCESS
Applications will be reviewed by the Research and Creative Activity Award’s (RCAA) Administrative Council. The RCAA Administrative Council will be comprised of the CFAC Dean and Associate Deans, and Directors of the School of Art and Design, School of Communication, School of Music and School of Theatre and Dance.

Proposals will be assessed based on the following criteria:

a) Quality of expected outcome. (Quality will be defined as the potential impact on the applicant’s creative/scholarly development, the recognition and visibility of the CFAC and the community at large).
b) Clarity and completeness of the project proposal, written in a clear, non-technical language appropriate for an interdisciplinary audience.
c) Record of scholarly/creative activity of the applicant (relative to time in career).
d) Clarity of the budget and budget justification.

Faculty Research and Creative Activity Award (RCAA): Multiple Awards will be given for projects that support faculty research or creative activity that may or may not enhance the prospects for obtaining outside support. RCAA funds are available to scholars from all disciplines and can be used for projects during the fiscal year for which they are awarded and subject to any current budget restrictions. These may include, but are not limited to, supplies and equipment, travel, stipends for research assistants, fees for permission to publish, as well as other support for publication, performance and exhibitions. Recipients of a RCAA are encouraged, but not required, to submit a proposal for outside funding. Awards will be made up to $10,000, with the number of awards and the amount of funding for projects determined on an annual basis by the RCAA Administrative Council, based on availability of funding.

Funds are NOT available for faculty salaries.
